

Health care for longer stays abroad

Planning a longer stay abroad of 1-5 years, for which you need health insurance?

Generali has the right insurance cover for you when it comes to health care. Find out more about the range of available options on the reverse side.

Your insurance advisor will be more than happy to answer your questions and prepare an offer tailored to your needs.

This publication concerns a non-binding advertising document of Generali Versicherung AG (Vienna), which exclusively serves as information for the customers and in no way represents an offer, a request or a recommendation for purchase. The statements and conclusions made are non-binding and general in nature. They do not take into account personal needs of insureds and are subject to change at any time. The complete preliminary and contractual information are contained in the insurance contract, the insurance policy, and the terms and conditions of the insurance. You will find the definite details of the benefits of the kind and extent of your insurance protection in your insurance policy and the agreed terms and conditions of the insurance contract. Individual advice is necessary and is recommended. Errors and omissions excepted.

Depending on the destination, various insurance solutions are available to you:
